

## Block 3 // Linux on EV3 Brick

	W1	W2		W3	W4
DAY	01/03/2016	08/03/2016	12/03/2016	05/04/2016	12/04/2016
CLASS	Why did you build a Robust Robot? Modelling a Robust Robot Why Linux on EV3? Evolution of Lego Mindstorms What is a micro controller? What is a micro processor? Remote connection: SSH	Remote connection: SSH II Linux Filesystem Processes Users & Groups		Network Utilities Package Manager	Introduction to Microcontrollers Introduction to Arduino Introduction to Microprocessors Introduction to Raspberry Pi Software Approach vs Electronic Approach
CLASS EXTRA			Family Workshop Learn to use Linux on EV3 with EV3Dev
